

Leveluk R

KANGEN water generator

TYH-71

Simple design with powerful performance.

KANGEN WATER®

Color coded LCD display for easy operation.

KANGEN water

Clean water

Beauty water

Produce healthy KANGEN water for you, your family, and your environment.

KANGEN WATER®

Kangen Water

Drinking water (pH8.5~9.5)

Penetrating Power
Softens tough vegetables

Dissolving Power
Dissolves oil in foods for improved flavor

Heat Conductions
Reduces Boiling time

- Use when cooking rice
- Use to prepare coffee and tea
- Soak bitter vegetables to lighten the flavor
- Use it to make delicious soups
- Use it when making base stocks
- Use it for daily drinking

Clean Filtered Water

Drinking water (pH7.0)

Clean water
Filtered to remove sediment and chlorine

- Filtered to remove sediment and chlorine taste and odor
- Use it to take medication
- Use it to prepare your baby's milk formula

Beauty Water

⚠ NOT for drinking (pH6.0)

取れん作用
ものを引き締める作用

洗浄力
ものをきれいにする作用

- Rinse your face and hair with beauty water after washing
- Use it to boil pasta
- Use it when preparing batter for frying

Make water until your hearts content using our powerful electrolysis chamber

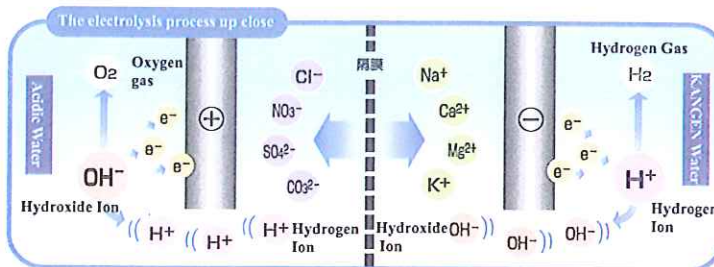

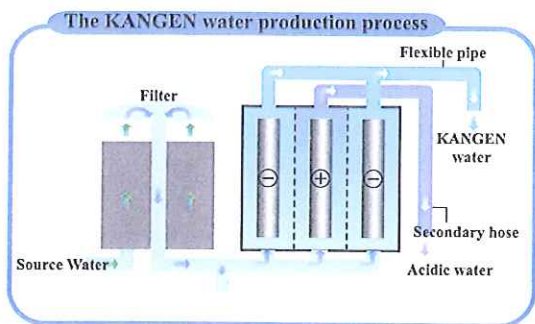

- Make reliable KANGEN water with our solid platinum plated titanium plates.
- The internal computer monitors they flow rate and automatically adjusts the the power to the plates, even with low water pressure you can be sure to get the correct pH.

Reliable performance

This unit is capable of producing KANGEN water continuously for up to 60 minutes.

Convenient Automatic Cleaning

The automatic cleaning function will notify you when the machine self cleans itself, helping to prevent calcium build up and maintain optimum operating conditions.

The ⊕ electrode takes an electron releasing Oxygen gas and the Hydrogen ion concentration increases making the water acidic
The ⊖ electrode donates electrons releasing Hydrogen gas and the concentration of Hydroxide ions increases making the water alkaline (KANGEN water)

Easy to use control panel

LCD display

Displays the currently selected mode.

Mode selection button

Switches the modes between KANGEN water 1 2 3, Clean water, and Beauty water.

Power Button
Turns the unit ON and OFF.

Clean simple design

Screwless back cover for easy cleaning and care.

The internal filter is certified by the Water Quality Association to remove Chlorine, taste, odor, and partial reduction down of 5 microns for 1,500 gallons. (filter life may vary depending on individual source water quality.)

Flexible pipe

Internal filter

Calcium adding cylinder
(use only if your source water has low mineral content)

While producing KANGEN water, KANGEN water will dispense from the flexible pipe and acidic water will dispense from the secondary hose.

(In Beauty water mode, acidic water will dispense from the flexible pipe and KANGEN water from the secondary hose. (do not drink))

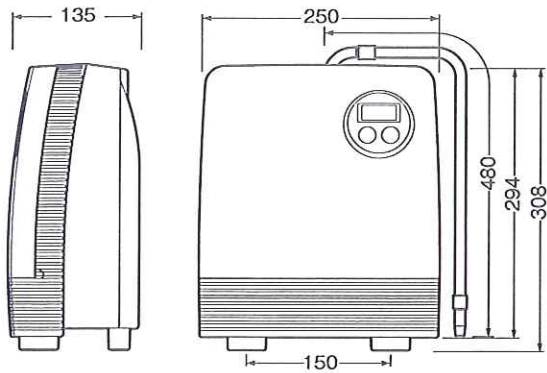

C USA

Power cord

Supply water hose
Secondary hose

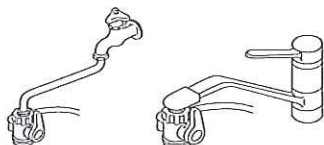

Powerful and Convenient Leveluk R

Diagram (mm)

Easy to install on most common type faucets without any special tools.

Acceptable Faucet types.

Simple replacement high grade filter. HG-N 5 micron sediment, chlorine, taste and odor removal replacement filter.

Simple one touch operation of the diverter

Tap water shower

Tap water straight

Specifications

Model	Leveluk R		
Model Number	TYH-71		
Power Supply	AC120V 50/60Hz 2.7A		
Main Unit	Dimensions	250(W)x308 (H)x135 (D) (mm)	
	Weight	6.2kg	
Water Supply Method	3 way diverter (Ion, Tap, Shower) connected to the faucet		
Acceptable water source	Potable water (supplied from municipality or well water considered safe to drink)		
Water Pressure	0.05MPa~0.45MPa 7 psi - 70 psi		
Water Temperature	5°C~35°C 41 F- 95 F		
Electrolysis	Flow rate	3L/min (at 14psi)	
	Production Rate (min-max)	KANGEN water (pH8.5/pH9.0/pH9.5)	1.5~5.5L/min
		Clean water (pH7.0)	
		Beauty water (pH6.0)	1.5~4.5L/min
Cleaning method	Automatic cleaning controlled by the internal computer		
Electrode Material	Platinum plated Titanium		
Filter	HG-N		
Internal Filter	Filter media	Granulated antibacterial activated carbon & Calcium Sulfite	
	Filter life	1500 gallons (Automatic replacement notification)	
	Filtered substances	Sediment to 5 microns, Chlorine, taste and odor	
	Unremoved substances	Metal ions and dissolved salts in the source water.	
Safety devices	Power protection	Fuse 125V 5A	
	Thermal protection	Hot water & Overheat protection	

Included Accessories

- Flexible pipe (480mm) • Diverter • Filter replacement sticker
- Adapter kit • Suction cup • **Glycerol phosphate Acid Calcium**
- pH test kit (pH test liquid, cup, color chart) • Manual • Warantee

Safety Precautions

WARNING

- If you have any of the following conditions please consult your physician prior to using Beauty water.
 - Sensitive skin ■ Allergies
- If after using Beauty water you experience any discomfort or a rash develops discontinue use and consult with your physician.
- Please follow these precautions when using KANGEN water.
 - Do not take medication with KANGEN water.
 - Do not drink KANGEN water if you have kidney problems or trouble processing potassium.
