

# Change your water... Change your life!™

Everything that happens in your body happens in water...

Your thoughts happen in water, your electrical system translation happens in water,  
information from cell to cell happens in water,  
the ability for nutrients to be transported to necessary cells happens in water,  
the elimination of waste that takes place in your body happens in water.

It's critical not only to drink water, but to drink the right water.

"The pH level (the acid-alkaline measurement) of our internal fluids affects every cell in our bodies. Extended acid imbalances of any kind are not well tolerated by the body ... **over-acidification interferes with life itself leading to all sickness and disease!**"  
—Dr. Robert O. Young, MS, D.Sc., Ph.D., ND,  
Author of *The pH Miracle: Balance Your Diet, Reclaim Your Health*

"**ACIDOSIS is the basic foundation of all disease.** We need to understand the simple process of alkalizing our body and the important role a properly alkalized body plays in restoring and maintaining our overall health."  
—Dr. Theodore A. Baroody, DC, ND, Ph.D.,  
Author of *Alkalize or Die*

In 1931, Dr. Otto Warburg won a Nobel Prize in medicine for discovering cancer will not live in an alkaline environment... but thrives in an acidic environment. **Would you rather be alkaline or acidic?**

Drinking Kangen Water® helps your body become more alkaline. Your body's natural pH levels are often disrupted by dehydration, stress, and acidic foods. Drinking Kangen Water® counteracts these acidic elements and supports the body in achieving a natural balance.
